for making your dishes tasty

BOOK YOUR DISPENSER!

It's practical! Once installed it is ready to use. With the practical bag there will be no pans to wash and chef's preparation will be not necessary! It is also hygienic and easy to store, just place the bag in the fridge.

The operating temperature is 60°, thanks to the digital display you can adjust the temperature and thus choose the dispensing density of the cream.

Thanks to the 3 buttons you can easily choose the amount of cream to dispense. There are 3 modes: manual, small and large. The last two modes are preset and adjustable.
